

Worldwide Leader in Operational Strategy & Implementation

Today: Celerant Consulting is ranked one of the world's top 5 best positioned OM consulting firms in Change Management in Kennedy Information's Global Report 2010.

Location: 15 offices in Americas, Europe and Middle East serve a global client base in 57 countries

People: Around 600 employees with 30 different nationalities

What our clients say:

"While the financial results are impressive, the ultimate goal of the project with Celerant was sustainable behavior change. The constant challenge of performance and the drive to create a new culture was quite an accomplishment."
President, Basell North America

"Celerant absolutely matched our ambition and really adapted their approach to help us steer our manufacturing base. Showing improvements and successes really helped anchor the changes in the organisation. Enthusiasm is back in the heart of our people and that was a great experience." President, DSM Netherlands BV

Insights.Change.Results.

Celerant Consulting was founded on the philosophy that "delivering results must be an obsession", an ethos that continues today. For the last 25 years, we have delivered successful, sustainable change for the world's leading companies.

Global Expertise, Locally Deployed

Celerant Consulting has global reach and locally customised solutions. We are able to quickly deploy our experts in any location and have a proven track record of delivering change across multiple sites and regions.

Preferred Partner

Our clients consider us a trusted partner helping them to achieve their financial, operational, and behavioural results. According to Insead global survey, our Closework® approach is why 90% of our clients say they would be pleased to work with us again.

Working with you

We work side by side with your people to change behaviours in the places where the work gets done. We transfer knowledge so that your people are empowered and work better. The success of our approach is proven. We call it Closework®. Our clients call it money well spent.

What makes us different

As a global leader and innovator in Change Management, we believe that every project is a strategic partnership. Our ultimate goal is to leave our clients with the capability to sustain changes and continue delivering value long after we are gone, changing your business for good.

Projects Worldwide

For the past two decades Celerant has delivered successful improvement projects for clients across the globe spanning over 15+ sectors and ranging from local single site programs to global multi-site, multi-country projects. We design and implement customised solutions for top companies assisting business leaders in preparing for strategic transformations, completing successful change management programs and delivering significant and sustainable benefits.

Industries we serve

We have over two decades of successful projects in 15+ industries, delivering over \$15bn in client value to date.
